QUOTES FROM OUR CLIENTS

'The IRC might be best likened to a compass, as it sets a clear direction toward development of one's competencies. With the help of the IRC the abstract concept of "intercultural competence" is transformed into a clear picture of one's strengths and areas of untapped potential. I'm continually amazed by how much can be achieved in a one-hour coaching session.'

Sundae Schneider-Bean, Intercultural Communication. Specialist and Coach at Swiss Post.

'Having the responsibilities to bring together people from different parts of the world, I have found the IRC a very helpful tool. The IRC provides the learner with competency areas from which they can reflect on their development areas. I've used the IRC results as an enhancement to our recruitment process. The assessment results provided us with additional information to make a solid selection decision.'

Karen A. Lutz, Director, HR Middle East Africa at SCA Hygiene Products

'The IRC is a fantastic tool to show people what we exactly mean with intercultural behavior. It shows where you are right now and offers many ideas for informed measures and next steps. In our seminars and coaching we don't want to work without it anymore!'
